

WILLIAM STEVENS - 23.

A. Mother and daughter.

Q. Where is the daughter employed?

A. At Johnson and Johnson's.

Q. The mother do any outside work?

A. Both work at Johnson and Johnson's. What they know would be just as much as that radiator.

Q. Where do they live?

Q. The only way they came to know you is by way of charity?

A. Yes.

Q. When did you first become acquainted with them?

A. Some years ago. If I can be of service to you personally I would do so. If you were an old person and had a hard time getting across the street I would help you, and that's the way I feel about everybody.

Q. Tell me then under what circumstances did you first become acquainted with the daughter?

A. I don't know. Only it was just in that way.

Q. You say you loaned them some money or gave them some money?

A. Let them have some money.

Q. How much?

A. I don't remember the exact amount, five or six dollars.

Q. Give it to them at different times?

A. At different times.

Q. About how much did it amount to in all?

A. I could not tell you. I haven't the slightest idea.

Q. How much are you allowed?
